COMMERCIAL REPLACEMENT UNITS

The Sun Never Sets On A Northern Air System

Since 1998, Northern Air Systems has been a leading provider of specialized cooling systems worldwide.

Is your Commercial Unit getting old and tired?

Are you concerned with its ability to deliver needed performance?

Is it time to replace this unit with one that delivers superior performance in the worst environments?

Our Commercial Replacement units fit directly into existing openings and ductwork, making installation easy. We also offer a host of upgraded options to address any existing performance issues.
