WALL MOUNT UNITS

The Sun Never Sets On A Northern Air System

Since 1998, Northern Air Systems has been a leading provider of specialized cooling systems worldwide.

Northern Air Systems Overview

Since 1998, Northern Air Systems has been a leading provider of specialized cooling systems worldwide. With thousands of systems in operation today, we have the lowest downtime of any cooling system on the market. Northern Air Systems has developed an integrated cooling system for many different industries, and has been the trusted name for quality and dependability.

Now with **Green Technology** and environmentally friendly refrigerants. We provide the most reliable wall mounts in the world and understand that failure is not an option.

These units can operate from -30° F to 141° F, contain full access to components regardless of left or right mounting and can fit over most wall mount openings for replacement units.

DESCRIPTION

- Ruggedized construction provides dependable cooling in the most demanding environments
- Designed for 24 hour operation in high load demands, from -30° to 141° F
- Available in painted stainless steel construction with marine coatings
- Available with coated coils & explosion proof applications
- Available with worldwide voltages

APPLICATIONS

- Drilling Equipment
- Driller Cabins
- VFD Houses
- MCC Rooms
- Living Quarters

OPTIONS

- Remote panel
- Purge & pressurization
- Regular filtration
- Coated coils
- Stainless steel finish
- Lead lag operation
- Worldwide remote monitoring via cellular
- Customized programming
- Custom filtration packages

CERTIFICATIONS

- Class 1, Division 1 & 2, Groups B, C & D
 - NFPA 496 Purge and Pressurization
 - ATEX
 - IECEX
 - GOST
- Zone 1, Zone 2
 - UL & CSA
 - Intertek
